

English Learners and the CCSS

Comprehensive PD Plan for your site or district!

English Learners and the CCSS series examines how to support English learners for academic success when implementing the Common Core State Standards and California English Language Development Standards.

Topics

Let's Get Started with CA's ELD Standards

- Understand the background and design of the 2012 CA English Language Development (ELD) Standards
- Explore the key shifts from the 1999 ELD standards to the 2012 ELD standards
- Learn about the organization and structure of the 2012 ELD standards
- Examine grade level ELD standards

Let's Talk

- Examine the language expectations in the Speaking and Listening strand of the CCSS for ELA
- Explore the ELD standards that support the language expectations in the CCSS
- Identify why collaborative conversations are important for English learners' (ELs) success
- Learn instructional routines that promote collaborative conversations
- Connect to the classroom

Let's Talk Some More

- Examine the speaking and listening demands in CCSS Mathematics
- Identify the language challenges for ELs in mathematics
- Explore structured tasks that support ELs to engage in rich, academic discourse in mathematics

- ▶ Designed for teachers and administrators
- ▶ Integrates standards with interdisciplinary approach
- ▶ Includes classroom strategies to promote English learner success

Ongoing Professional Learning

- Strategic professional development planning for districts and sites
- Data analysis for data-driven decision making
- CCSS instructional coaching for administrators, coaches, and content specialists
- Collaborative lesson study
→ Plan → Teach → Reflect
- Classroom observations and feedback
- Customized, in-depth CCSS modules
